SUBJECT : BARLEY Material

Would you kindly request MISC to submit the following questions to WALT:

What can be tell us about Polish documentary material on the RUS, allegedly captured by the Germans in 1939 and translated by the Abwehr who referred to it by the title, "Preussische Nachrichten in Polen"? What agency in Poland put out this material? In what circumstances was this material captured by the Germans? Who translated and evaluated the documents? What was the prevailing opinion in Abwehr circles about the value of this material? Are we right in assuming that WALT III drew heavily upon this material in preparing its own handbook?
